

Congratulations!

Sophie & Edward

Sophie and Edward were crowned winners of the second round of our Wedding of the Year competition and are through to the final. Here, Sophie tells us about their big day...

Our colour scheme was pastels, which included anything from pale yellow to baby pink. We even used my car as our transport – which is mint green.

We're so glad we decided to enter the competition. We loved our wedding and were advised to only have the big day we wanted – so we had our favourite food, music, flowers and people. It was perfect

Our bridesmaids wore pale blue to tie into our colour scheme.

The groomsmen all wore pale blue waistcoats to match the girls.

I'm sure everyone says this but the tableplan was one of the most difficult things to organise.

Our wedding caterers were super helpful from the very first enquiry. They provided us with miles of bunting and helped sort out the chaos.

“ We were both so surprised and happy we'd won our round. We treated ourselves to our favourite date night to celebrate – Creams Café then the cinema. ”
